WHY THE PTSA IS YOU!!!

- **Parents and Families** are key component of the “P” in PTSA. We need you to join PTSA as either individual ($15.00) or family member ($25.00). We need our parents to make our good school great. Family and community engagement has been found to be the difference between a good school and great school.

- **All students** are honorary members. They add the “S” and is why we are a PTSA and not just a PTA. Students are a key part of our association. **Our vision is to make every child potential a reality.** It is this vision that has us granting funds to support the school, its teachers and its students.
MAKING THE SCHOOL GREAT
